HOW TO USE

Improve Constipation

Once per day and 1-2 pieces for each time of consumption during the first week; once per day and one piece each time after normal defecation, consume before sleep, 2-3 months is the recommended optimal regulating period. Advice: drink more warm water, have more exercise and have good rest.

Health, Fitness and Preservation

One piece each time, 3-5 times per week, have it before sleep. Advice: drink more warm water, consume more vegetables.

Adjusting of Three-Hyper-Diseases

Have one piece each day at half hour after breakfast or dinner. Advice: drink more warm water and have good rest.

Detoxifying and Beautifying

Have one piece half hour after breakfast or dinner every day. Advice: drink more warm water, a superior effect with yogurt or milk.

Lose Weight and Body Remolding

Have it half hour after meals during the first 7-10 days; after the dredging of digestive system, have it before meals (the consumption amount should be on the basis of physique). Advice: drink more warm water, have more exercise and consume more vegetables.

Dispel the Effects of Alcohol and Protect Liver

One piece before drinking alcohol, the drinking capacity can be augmented; one piece during drinking, 'broadcasting on-live' can be avoided; one piece after drinking, you can get up on time the next day without headache. Advice: drink more warm water and follow a regular diet.
